of the latest productions of the best European manufacturers,
at a very slight advance on cost of manufacture.

Silks, Satins,

Late advices from France announce
an advance in Raw Silk, and French
manufacturers have already ad-
vanced their prices from 5 to 15 per

in prices of all Silk goods, and
although it will be impossible for
us to duplicate our present stock
except at a considerable advance, we
shall continue to offer our very full
and attractive assortment of these
goods at our present low rates, and
would suggest that those in im-
mediate or prospective need of a Silk
dress should procure it at once be-
fore the advance of prices on this
side.
